WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Make 2, identical. Plate 50 x 195 mm.

Each 195 mm edge: three tabs and two T-slots into the knuckle post plates.

T-slot: 9 mm wide, 23 deep, with a 13.6 x 8.4 mm window 10 mm in for the nut.

Fit: it closes the post's column on the wheel side, between the two plates, 10 mm in from their outer edges.

Check: the cheek fits between two plates held 50 mm apart.

FLATTRIKE

github.com/BoujeeEnjinia1701/flattrike

FlatTrike knuckle post outer cheek (make 2): making sketch
