WHERE IT GOES
This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Make 2, identical. Plate 48 x 40 mm.

Four 7 mm holes for two M6 U-bolts, 29 mm apart across and 26 mm apart up and down; one slot and one 9 mm hole for the arm.

Fit: the plate sits behind the inboard fork leg; the U-bolts go round the leg from the front and pull the plate against it.

Check: the U-bolts' legs pass through without forcing.
